

Prices 2021

Carbon sink

There is as much potential in our pricing list as in carbon sink.

Fees	Prices (EUR)
European Biochar Certificate (EBC) label fee for carbon sink	Free of charge

Preparation of the European Biochar Certificate (EBC) guidelines on carbon sink certification and development of the associated methods is complex and must constantly adjust to the latest scientific findings.

We currently perform this work without charging for our services.

Certification and registration	Prices (EUR)	per
Certification and registration	0.75	Tonne CO ₂ eq

The certification and registration of carbon sink potential involves a large number of parameters, data on which are collected during production and in the course of analysis.

Certificate	Free of charge
-------------	----------------

The certificate that is issued records the climate performance in detail. This year we are issuing the certificate free of charge.

Subject to change without notice. Customers residing in Switzerland or Liechtenstein are subject to value added tax of 7.7%.
Payment terms: 30 days net.
